Synthetic Kidney Health Guidance v1 (page 1)

SYNTHETIC TEST DOCUMENT - fictional content, not medical guidance.

Scope

This fictional guidance covers chronic kidney disease (CKD) in adults.

Definition

Chronic kidney disease is defined as an eGFR below 60 mL/min/1.73m2 for at least 3 months, or other markers of kidney damage.

Monitoring

People with CKD should have eGFR and urine albumin checked at least once a year.

SYNTHETIC TEST DOCUMENT - fictional content, not medical guidance.

Lifestyle

Lifestyle advice includes reducing salt intake, staying active and not smoking.

When to seek urgent care

Seek urgent care for passing very little or no urine, or new swelling with breathlessness.
